

Rabbit Reminders

Basic Concepts of Rabbit Nutrition

- **Protein Maintains Muscle, Hair Coat, the Immune System and all Cells**
- **Fiber Maintains Digestive Tract Health**
- **Energy is Essential for Living, Showing and Breeding**
- **Ingredients which are high in energy and are lower in fiber—Grains, Fruits, Nuts, Potatoes**
- **Ingredients that are High in Fiber are Lower in Energy—Hay, Straw, Grain Hulls**

Management Problems:

- **Lack of Routine—Rabbits Thrive on “Sameness”**
- **Scouring—Consider Fiber Quantity and Quality and Stress—Weather, Light, Noise, Etc.**
- **Reproduction Problems—Need 12—16 hours of daylight per day to successfully breed.**
- **Losing Tone/Condition—Rabbits too fat: overfeeding**

ARE TREATS OK?

- **Yes, but less than 10% of total diet**
- **Be aware—treats high in soluble carbohydrates can cause diarrhea**
- **Remember you are diluting the complete nutrition package**
- **Treats can be vegetables, fruits, hay, twigs but NEVER bakery products, meat, or bread**

Advanced Nutrition Professional Formula

- 50# Bag
- Supports accelerated breeding programs—more litters per doe and optimum growth
- Higher protein, lower fiber
- Excellent coat quality

Advanced Nutrition Show Formula

- 50# Bag
- Vegetable Oil & Amino Acids for better coat
- Lactobacillus and Yeast Culture to help digestive function
- Papaya Enzymes—Reduces hair ball formation
- Formulated for optimal body condition for show

Rabbit Chow® Complete Plus

- 10# Poly Bag
- Pellet with all essential nutrients for all life stages
- Hi-Fiber for digestive health
- Yucca Shidigera to reduce ammonia from urine
- Lactobacillus Acidophilus to help with digestive upsets

Rabbit Chow® Complete Blend

- 25# & 50# Bags
- No supplements needed
- Researched and Formulated for bright eyes, healthy coat and long life!
- High levels of long stemmed fiber for digestive health

Rabbit Chow® Gourmet

- 10# Poly Bag
- All Natural—no artificial coloring
- Contains Yucca Shidigera to reduce ammonia from urine
- Lactobacillus Acidophilus to help with digestive upset
- Contains papaya (for hairballs), sunflower (for shiny coat) and carrot and oats (for enrichment)

Rabbit Chow® Fibre 3

- 50# & 25# Bag
- Corn—Free- created especially for the unique needs of rabbits
- High Fiber- supports normal cecum health
- Non-Starch Energy Sources from Natural Plant Fiber
